

IGLO Regional Policy Meeting Interregional Innovation Investments

24/03/2021 at 14.00 - 15.30

Dear colleagues,

we are inviting you to the first IGLO Regional policy WG meeting this year, that will take place on webex on **24/03/2021 at 14.00 - 15.30**.

We have invited **Mrs Valentina Pinna from DG Regio** - unit on Smart and Sustainable Growth, who will present us the new instrument Interregional Innovation Investments and new EU-funded initiative for interregional partnerships in four areas: **coronavirus-related innovative solutions, circular economy in health, sustainable and digital tourism, and hydrogen technologies** in carbon-intensive regions. The aim of this new pilot action, which builds on the successful experience of a similar [action on "interregional innovation projects"](#) launched at the end of 2017, is to mobilise regional and national innovation actors to address the impact of coronavirus.

Please register [HERE](#) and our colleague Bostjan Sinkovec will send you the link to Webex.

Thank you and kind regards!
